FRAMES THAT ENCHANT, LONG-LASTING ITALIAN QUALITY

Attention to design, care for detail, cutting-edge technology and artisanal craftsmanship have always been the hallmarks of the quality of our products, a pure expression of authentic Made in Italy.

FRAMES

Our frames decorate any space with style, enhancing images, memories, and emotions.

The extraordinarily wide range allows for endless possibilities of choice. Over a hundred models are available, ranging from classic to modern, in numerous variants of colours, materials and sizes.

FRAMED MIRRORS

Elegant, essential, or with refined lines, our framed mirrors brighten up rooms and increase the depth of the smallest spaces.

They seamlessly blend into various environments, from the living to the sleeping area, from the entrance hall to the bathroom. Embellished with exquisite frames, our mirrors truly reflect your style.

MIRRORS

Our collection of frameless wall mirrors offers a wide choice of shapes and sizes to customise every space. The minimalist design integrates harmoniously with the surrounding decor, creating a sense of visual continuity. The mirrors can be combined to form visually striking compositions. They come with adhesive for an effortless installation.

CANVAS

Printed canvases decorate spaces with simplicity and creativity, enlivening any room. They create chromatic combinations and stylish patterns that match the overall atmosphere of your home. Thanks to the large assortment of decorative images, it is also possible to create customised collections for retailers.

PAINTINGS

Art and design converge in our proposals to create unique artworks produced by talented Italian artists. The original canvases are hand-painted with bold brushstrokes, textured effects and embossed details. Subjects and sizes are fully customisable, even for small quantities.

PRINTS

The wide variety of decorative subjects ranges from abstract forms to imaginary landscapes, seamlessly integrating into different classic and modern environments. Handcrafted using high-quality digital prints, they are already framed and ready to hang.

FINE ART

Those who love painting will find in FAR the ideal support for creating and displaying their works of art. The product range includes stretcher frames of various sizes, beech wood easels and a line of frames to showcase paintings at home or in a gallery.

DISPLAY SOLUTIONS

To enhance the in-store presentation of FAR products, we provide retailers with display stands and shop fitting accessories. We are able to design tailor-made solutions to improve visibility, communication and saleability.

CERTIFICATIONS

Choosing a FAR product means appreciating the quality of Made in Italy, respecting nature and being sensitive to the well-being of workers.

Our company's commitment to a production of excellence is certified by the most important international bodies.

We are constantly looking for more environmentally friendly solutions to reduce plastic usage and waste.

FSC™ Certification

We use certified wood from sustainably managed forests that respect both people and the environment to produce our frames.

Clean energy

Our manufacturing plants are powered by green energy, produced from renewable sources, 100% sustainable, with no carbon dioxide emissions released into the atmosphere.

UNI ISO 45001 certification

Caring for people is at the heart of our production system. We are constantly striving to increase safety standards, reduce risks and improve the health and well-being of our employees.
